OUR MESSAGE

At PACE, we aspire is to build collaboration within communities of people affected by autism. While the root word of “autism” is characterized by self-isolation, our goal is to educate beyond the individual and foster greater engagement in our communities. Today, PACE continues to focus its private donation dollars increasingly towards community education. Whether it is the continued development of the online Porchlight Education Series to provide in-home implementable strategies, or our efforts in case management to open access to and educate about available services, we know that our work is really only beginning at the end of each school day.

Sincerely,
Kurt Ohlfs, Executive Director

OUR MISSION
To enhance the lives of people impacted by autism, through innovation, exceptional education, and compassionate care.

OUR VISION
A world where people of all abilities live fulfilled lives.
Founded in 1989, Pacific Autism Center for Education provides high-quality programs for children and adults with autism. PACE’s vision is a world in which people of all abilities live fulfilled lives. Our comprehensive services include the PACE School serving ages 6-22, Sunny Days, an inclusive early intervention preschool, PACE Residential group homes, Faces Behavioral Services, and the online free eLearning resource, Porchlight Autism Education Series.

At PACE, we strive to connect, support, and educate individuals with autism. PACE teaches social and communication skills in order for our clients to experience the satisfaction and fulfillment that accompany learning, self-expression, self-care, productive work and community experiences, despite the limitations of their disabilities. The heart of the PACE model is for every person to have the ability to: Communicate, Regulate, and Relate.
OUR LEADERSHIP TEAM

“PACE is committed to advocating for families with individuals affected by autism.”

THE MATERIALS MAGICIAN

Behind every great program is dedication, enthusiasm, and team effort. In our school program we rely on creativity, ingenuity, and connection to cultivate success. Karla is our “Materials Magician”. PACE is fortunate to have passionate employees like Karla, who has supported PACE for 11 years. In this time, her experience working as a Classroom Aide and a Therapy Coordinator has uniquely prepared her for the role of Materials Coordinator. Now, she is the person the teachers and aides can not live without! Her work is pivotal to each child’s development. She communicates with the teachers and prepares creative materials specifically for each child’s learning styles, development, and Individualized Education Plan (IEP) goals. Karla understands that each student is unique and that our greatest goal is to help each student learn to Relate, Regulate, and Communicate.

By working directly with the teachers and asking questions, Karla is able to develop and modify their ideas for instructional supplies and materials. Her ability to listen and hone her intuition has lead to the creation of badges that celebrate and recognize a student’s efforts; visual icon cue cards to teach about transitions and a system of many creative tools. Parents and teachers recognize her ability to help a student ease though the “little moments” that aren’t so little when you are affected by autism.

Karla notes that during her tenure at PACE technological advancements have changed the lives of children with autism in ways we could never imagine. She is amazed at how the current generation of students navigate, scroll, communicate, and create on devices that keep them current with a modern understanding of our world.
In 2016-2017, PACE educated 51 students from 25 school districts.
Faces is our behavioral therapy program based in Redwood City. Founded in 1995, the Faces mission is to enable children with autism to reach their full potential utilizing Applied Behavior Analysis (ABA).

Services include intensive early intervention, elementary-aged intervention, school and parent consultation, and social development. Therapy can take place at home, in the community, and at school.

Total Served 2016-2017: 40 Clients + Parent Training Sessions + Consultations

Our latest addition, open since March 2017, Little Faces is an extension of Faces Behavioral Services program. It is offered at the Sunny Days Preschool campus and provides 1:1 early intervention in a clinic setting with morning and afternoon clinic times available.
SUNNY DAYS PRESCHOOL

Serving San Jose since 2005, Sunny Days Preschool is Non Public School (NPS) certified and a California licensed Child Care Center (CCL). Sunny Days offers a half day morning preschool program for two and a half to six year olds that supports children on the autism spectrum and those needing a little extra support in a responsive, developmentally appropriate program.

2016-2017 Enrollment: 18
RESIDENTIAL PROGRAM

PACE operates 6 Group Homes
32 Residents and 60 Staff
24 hours a day
365 days a year

Kevin is a beloved resident and former student in PACE School. He is 25 years old and thriving in PACE LaMar Young Adult Home. Kevin entered PACE School at the age of 5 and shortly thereafter moved into Miracle Children’s Group Home. The strong communication between home, school, and team of therapists who worked with Kevin on his daily living skills provided a dependable support network that encouraged Kevin’s continuous growth and development. As a young adult, Kevin transitioned into LaMar House and at the age of 22 completed PACE School. Today, Kevin is actively engaged in an adult day program, has a best friend, enjoys watching a good movie and taking long walks in the local park. He is an affectionate and caring young man who demonstrates that individuals with severe autism can continue to develop and flourish with consistent support in a nurturing and stable environment.

“Kevin has had the privilege of being at PACE since he was 5 years old both in his living and school environments. This has been invaluable to me as a parent. Having consistency in his support system not only provided peace of mind for Kevin, but for me as well.”

~ Layla, (Kevin’s mom)
The Porchlight Autism Education Series is a free eLearning program with over 50 modules designed to offer behavioral solutions to common daily challenges parents or caregivers may confront in the world of developmental disabilities. Porchlight was originally funded by a grant. Today, we fund the developments with private contributions.
