

Event #7

Hit the Can

For our very last event, it's a Kiwanis classic! You can use the bottle tower you made in Bottle Toss for this game, too. All you need is a long pole (brooms work great!) and a lot of space. Please be careful with your pole, we don't want anyone to get hurt! All you have to do is try to knock down all the cans using the pole. It's a lot of fun!
